Transportørens rolle i DIWASS

Del 12

21-10-2026

Formålet med webinarret – hvad skal vi igennem i dag?

- Præsentation af oplægsholder(e)
- Formålet med webinarret er at kunne sikre fælles forståelse for transportørens rolle i DIWASS
- Målgruppen for dagens webinar er transportører, der er involverede i overførsler af anmeldepligtigt affald (notifikationer/anmeldelser) samt anmeldere

Dagens hovedpointer og næste skridt

De vigtigste budskaber

1. Vi gennemgår her trin for trin, hvordan transportører skal udfylde et bilag 1B i DIWASS inden en overførsel påbegyndes.
2. Stil alle de spørgsmål I har i forhold til transportørens rolle i chatten. Hvis vi ikke når at svare alle, kan de sendes til vores import/eksport postkasse: impeksp@mst.dk og vi vil forsøge at svare hurtigst muligt. Dette gælder også hvis man har spørgsmål, der ikke omhandler transportørens rolle i DIWASS.

Videre forløb

Der er for nu ikke planlagt flere webinarer. Hold øje med vores hjemmeside og tilmeld jer vores nyhedsbrev.

Hvem skal bruge DIWASS – og hvornår?

DIWASS er relevant for alle virksomheder, som er part i en overførsel af affald – altså både...

- Anmeldere, modtagere og mæglere
- Affaldsproducenter og indsamlere
- Transportører
- Modtage- og behandlingsanlæg (også i efterfølgende led)

DIWASS gælder både for:

- Anmeldepligtigt affald
- Grønlistet affald
 - Tilgængelig i DIWASS fra 15. november 2026
 - Obligatorisk fra 1. januar 2027

Transportørens rolle i DIWASS

DIWASS

Definitioner:

Anmeldelse/notifikation:

Dette er en godkendt ansøgning, som de myndigheder fra de lande transporten ønskes at transportere i gennem har gennemgået og godkendt.

Transportdokument/Bilag 1 B:

Selve transportdokumentet som skal følge transporten. For anmeldelser oprettet og godkendt i DIWASS, oprettes og håndteres transportdokumenterne i DIWASS

Transportør:

En transportør/carrier på et bilag 1B er den virksomhed, der fysisk har affaldet i hænde (på transportmidlet) under overførslen af affaldet.

Dvs. ved transport på vej er det selve vognmanden/fragtfører, der skal være tilføjet på anmeldelsen/notifikationen og valgt på det konkrete bilag 1B, der kan foretage overførslen.

Proces for et transportdokument i DIWASS

- Anmelder opretter og varsler transportdokumentet i DIWASS
- Ved oprettelsen skal anmelder vælge de transportører, der potentielt kan udføre overførslen, på det konkrete transportdokument. Disse kan vælges ud fra de transportører, der er tilføjet på den godkendte anmeldelse.
- Når en transportør har læsset affaldet på transportmidlet skal DIWASS tilgås.
- Det er transportøren, der har affaldet i hænde, der skal tilgå og "underskrive" i DIWASS, at de har overtaget affaldet på det konkrete transportdokument og overførslen påbegyndes.
- Det er en bruger for transportørens virksomhed (operatør) i DIWASS, der kan tilgå det konkrete transportdokument i DIWASS.
- Det er oplysningerne i DIWASS der er gældende

Log in i DIWASS. Tryk på "DIWASS Notification procedure".

The screenshot displays the DIWASS web application interface. At the top, the European Commission logo and the IMSOC header are visible. Below the header, a navigation bar includes links for TRACES, ADIS, EUROPHYT, and iRASFF. A notification banner at the top right indicates that DWASS: Annex VII API support was enabled in the Acceptance Alpha environment. The main content area is divided into several sections. On the left, a sidebar menu is open, showing options like Documents, ADIS, Dashboard, Actors, Publications, and Help. The 'DIWASS' section is highlighted, and a sub-menu is visible with the option 'Notification procedure' selected. The main content area shows a welcome message for Mia Aarup, a 'My pending certificates' section with a table of pending certificates (currently empty), and a 'Latest News' section with two news items: 'DWASS: Annex VII API support was enabled in Acceptance Alpha environment' and 'Annex VII documents for green-listed waste, will be available in the test environment from 7 September 2026'. The footer contains links for Last update, Legal Notice, Terms of Use, Cookies, Privacy Statement, Accessibility, Credits, Contact, and Top Page.

Find det konkrete varslede (Announced) transportdokument for det affald, der er læsset på transportmidlet. Det er anmelders ansvar, at oplyse transportøren om hvilket transportdokument der skal "underskrives". I eksemplet her skal transportøren vælge transportdokument nr. 1 og klikke på rediger knappen.

Transportdokument nr. 1 åbner.

Tjek vægt, affaldstype og at oplysningerne stemmer overens med øvrige fragtdokumenter.

Rul ned i bunden af dokumentet.

The screenshot shows the DIWASS web application interface. At the top, there's a navigation bar with 'SOC' and links to 'CES', 'ADIS', 'EUROPHYT', and 'iRASFF'. Below this is a 'Notification' section with a 'New Notification' link. A message states: 'was enabled in Acceptance Alpha environment: Annex VII API support was enabled in TRACES Acceptance Alpha environment. ...'. A sidebar contains 'Dashboard', 'Actors', 'Publications', and 'Help'. The main content area is titled 'DK0026011153i' with a dropdown menu set to 'Carrier - Testvirksomhed1' and a green 'CONSENTED' badge. A tabbed interface shows 'DASHBOARD', 'NOTIFICATION', 'REQUEST INFORMATION', 'REQUEST CHANGE', 'MOVEMENT' (selected), 'CERTIFICATE UNDER ARTICLE 15', and 'FACILITIES CONFIDENTIALITY'. The 'MOVEMENT' tab contains a 'Back to list' button and a form with the following sections:

- 1. Corresponding to Notification No.**: A field containing 'DK0026011153i'.
- 2. Serial / Total number of shipments**: A field containing '1 / 150'.
- 2a. Container identification number, if applicable**: An empty text field.
- 2b. Movement document is created**: A section with a text field 'in relation with movement document no:' and two rows of radio buttons:
 - 'due to take-back*' with 'Yes' and 'No' (selected) options.
 - 'due to detection of illegal activity*' with 'Yes' and 'No' (selected) options.
- 3. Exporter - Notifier**: A form with 'Name:* Affald A/S' and 'Country: [DK] Denmark'.
- 4. Importer - consignee**: A form with 'Name:* Østrigvirksomhedentest 2' and 'Country: [AT] Austria'.

At the bottom of the form are 'Close' and 'Print' buttons.

Nu kan man "underskrive" transportdokumentet.

Nederst finder man knappen "Create carrier transport".

Tryk på den. En liste over de transportører, der er valgt på det konkrete transportdokument vises. Tryk på den transportør, der har læsset affaldet på transporten.

På dette eksempel er der kun valgt én transportør.
